## MARINA E SHIPYARD

Along with its positioning in the gulf, and the optimal vicinity to two international airports, it is also a strategic base for visiting the marvelous Pontine Islands, Ponza, Palmarola and Ventotene, as well as the Partenopee group including Capri, Ischia and Procida. All of this and more make Gaeta an attractive destination.

Thanks to the port's proximity to the Borgo di Elena, visitors are just a few steps from the one time mariners general quarters, and now the town's historical centre and shopping area. The Base Nautica Flavio Gioia remains synonymous with the culture of welcoming Maxi Yachts.
